### **DECISIONS**

#### **Parking Lot Project**

The Board approved a \$12,000 increase to the Greenhills Construction parking lot and drainage project to reinforce the parking lot base surface. The problem discovered in some areas the parking lot is soft. This was a known risk of the project as the base could not be fully evaluated until the entire pavement was removed. If these areas would be paved over without stabilizing the base, the weight of the buses and garbage trucks would cause the pavement to sink.

Jennifer Manski  
Board Secretary**
